*Digital literacy refers to the knowledge, skills and attitudes that allow children to flourish and thrive in an increasingly global digital world, being safe and empowered in ways appropriate for their age, local cultures and contexts.*

What your child will learn!

Project 1

Digital Identity

Your child will gain the ability to create and manage online identity and reputation. This includes an awareness of the child's online persona and the management of the short-term and long-term impact of an online presence.

★★★★★

Project 2

Digital Use:

Your child will develop an ability to use digital devices and media, including the mastery of control to achieve a healthy balance between life online and offline.

★★★★★

Project 3

Digital Communication

Your child will have the ability to communicate and collaborate with others using digital technologies and media. The child will create a simple webpage and showcase his/her talent to the world

★★★★★

Our commitment still stands; if we don't deliver as promised, you get 100% money back in cash.
